TEAM SPOTLIGHT

As of this month with all the changes that occurred we would like to thank Erika in our HR department. She is truly valuable in our organization. She goes above and beyond what is asked of her and never says "no". Her most recent accomplishment is winning \$2,000 to donate to a charity of her choice (Diabetes Association)! Erika was originally a Hospice Volunteer. She was later hired as a Receptionist and as the years go by with additional responsibilities, her role also increased. We are appreciative to have Erika in our team!

SO MANY CHANGES YOU SAY?

Welcome to September, 2019! We have big opportunities ahead of us. We recently kicked things off this month with a fresh sense of purpose and direction.

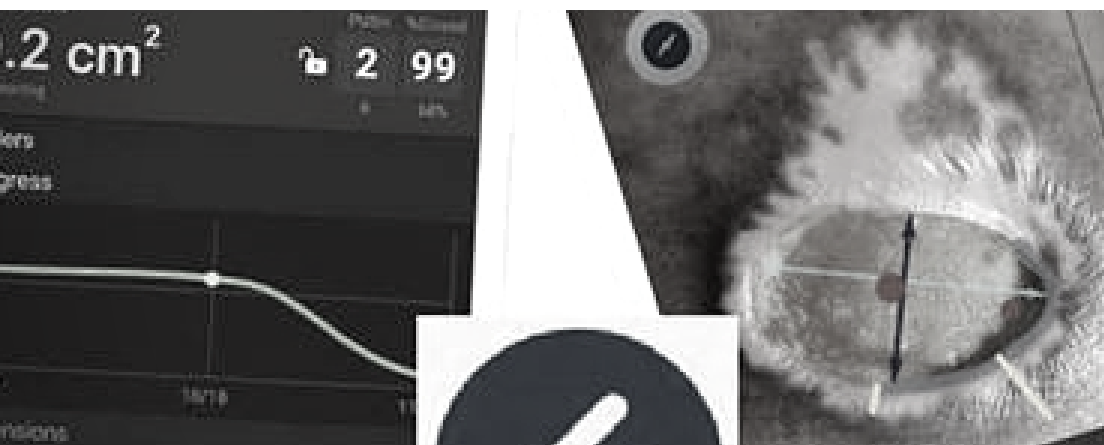

Furthermore, we have partnered with different Colleges and Universities to gain more nursing alumni's and graduates. To date, we are actively involved with West Coast University - Los Angeles Campus and American Career College - Los Angeles Campus. We are also on handshake; a recruitment platform to recruit new grads and alumni's.

We want to take a moment to thank you for your perseverance and loyalty during our recent restructure. Despite the disruption of that effort, you delivered dedicated impressive results. In particular the success of our patient satisfaction and our continued growth within the healthcare industry. Our rapid growth shows that we continue to be the leaders in our market.

We are excited about the opportunities that are coming our way. Please stay tuned for future announcements in your e-mails.

ARE YOU UP TO DATE?

Are you up to date with our current changes? SWIFT WOUND APP went live on September 1st. If you are still not up to date; please visit any of our office locations so we can assist. You should all be using Tiger Text to communicate as this is a secure way of communicating. If you have not been trained on Patient Driven Group Model (PDGM), let us know so we can bring you up to speed as we have had a Webinar scheduled on September 5th. We also have I.V training for specific nurses who have RSVP'd for September 14th at the Woodland Hills office. You cannot attend unless you have RSVP'd in advance. Please stay tuned for future training announcements.
